ID	TITLE	ON ACTION	CONDITION	RESULTING ACTION	AFFECTED SCREEN	Description	Comments
1	Address					Phone number field is not shown for STH. This is replaced with the shipping address field. The 'Use as billing address' checkbox is checked by default. Unchecking displays address field. Note: for guest persisted state, the address field could be pre-populated. If multiple addresses captured from persisted state, then show drop-down picker address field.	
2	Placeholder Copy Prior to Address Entry					Prior to the user entering their address in the left form, placeholder copy is displayed in the right rail saying 'Please let us know by providing your address on the left.' This area will update with the proper address once the user has entered an address into the leftward form.	
3	'Need it sooner?'					The 'Need it sooner?' link is dynamic and only appears after the user has entered an address in the form. User can that desire faster shipping can tap the link 'Want it faster to receive faster options (as shown on the following page).	
4	Legal					Note: No legal for text messaging is displayed for STH.	
5	Ship to Multiple Addresses					Hitting this link takes the user to the state to enter multiple shipping addresses	

ID	Tool	The artifact	Component	Expected action	Expected results	Description	Comments
1	Step to add an address?					Clicking this link takes the user to the state to enter multiple shipping addresses.	
2	Cancel					User can return to default state and add multiple address state by clicking "Cancel"	
3							
4							
5						The "Name" is required? It is in dynamic and only present when the user has entered a address in the form. User can then return faster by clicking and clicking the "Name" is required. It is not required when the user returns to the following page(s).	
6						None. No input for text messaging is displayed on this.	
7							
8	Step to Add an Address					Clicking this link takes the user to the state to enter multiple shipping addresses.
